ISHA International Structure
Local sections
& members

At a local level ISHA is represented by sections. They consist of both passive and active members.

- Active members participate in ISHA's international events. They can elect a delegate amongst themselves to represent their local section at the General Assembly. Membership is dependent on an annual fee of 10 euro, although first-time participants at international seminars are exempt.

- Passive members are active on a local level, and are not required to pay the annual fee.
The General Assembly (GA) is the supreme decision-making body of ISHA. It is held at least once per year, usually during international seminars, and each section can send a delegate to participate. During the Annual Conference the GA elects the ISHA Officials.
The main body of the elected ISHA officials is the International Board (IB). It is responsible for the administration of the organization and for the co-ordination of the ISHA network. It is supported by the Council. Other officials include the Treasury Committee, who reviews the work of the Treasurer, the “Carnival” Editor, the Webmaster, and the Archivist.
Committees

Committees have different functions within the organization. They must be approved by the GA annually. The members of the committees are not elected ISHA officials and any member of the organization can volunteer to join.

Currently ISHA has the following committees:

• Project Management Committee
• Alumni Network Committee
• PhD Committee
• Fund-raising Committee
